DUMMIES MAY BE USED IN ENTRIES

Judge Gilbert So Declares in Stuenenberg et al Land Conspiracy Case

CONSERVATIONISTS ARE AROUSED OVER DECISION

Gov. Pardee Declares Ruling Defeats Law and Puts Premium on Fraud

SAN FRANCISCO, Feb. 20.—Conservationists are aroused over the decision by Judge Gilbert of the Federal Circuit Court of Appeals in the case of the Barber Lumber Company, former Governor Frank Stuenenberg, Idaho, and others, for alleged conspiracy to defraud the government of large timber tracts in Idaho.

Judge Gilbert's decision practically allows the use of dummy entrymen by the corporations. This use is limited only by a proviso that the corporations must know their entrymen are not fraudulent.

Judge Gilbert's decision came as an affirmation of the Federal Circuit Court's decision in connection with the filing of the application of two hundred and ten entrymen on the Boise Basin, Crooked River and other lands in Idaho in 1901-2. The government, after investigating the entries, filed proceedings against Sumner G. Moon, William Sweet, John Kinkaid, Louis M. Prichard, Patrick H. Dowes, Albert E. Palmer and Horace S. Rand in which they were charged with conspiracy to defraud the government by conspiring with Stuenenberg et al to gain unlawful entries by the use of dummies. The Federal Circuit Court decided in favor of the Barber Company and dismissed the government's complaint on grounds of insufficient evidence to connect the men named with conspiracy. The government then appealed the decision, Judge Gilbert's decision being the result of the appeal.

Pardee Scores Decision OAKLAND, Feb. 20.—Commenting on Judge Gilbert's decision, ex-Governor Pardee, the conservation leader, said:

"The decision puts a premium on the spoliation of public lands by fraudulent practices, and defeats the purpose of the law. It encourages the acquisition of large tracts by a few people."

DYNAMITE PROBE RESUMED TODAY IN LOS ANGELES

LOS ANGELES, Feb. 20.—The federal grand jury, resuming the dynamite probe, convened this morning, but immediately adjourned until 2 o'clock this afternoon.

Bender's Case Put Off The case of F. Ira Bender, charged with conspiring to dynamite the Hall of Records, was continued until Monday at the request of Deputy District Attorney Horton, who asked time to further investigate the evidence.

LUMBER RATE MUST TUMBLE

Interstate Commission Cuts Hardwood Freight to 80 Cents a Hundred

WASHINGTON, Feb. 20.—A freight rate of eighty cents per hundred on hardwood lumber from central freight association territory to Pacific Coast terminals has been prescribed by the Interstate Commerce Commission.

The existing eighty-five cent rate was attacked by the manufacturers. Today's order is directed against all transcontinental lines. The railroads are required by the order to furnish shippers with cars of the desired dimensions within six days. If larger cars must be furnished, the freight charges must be based on the unit of the smaller car.

High Living Cost Probe May End Seriously

NEW YORK, Feb. 20.—Criminal prosecutions may follow Magistrate Murphy's investigation into the high cost of living. Butter, egg, meat and vegetable dealers are to be probed. Today's operations centered on butter and eggs.

It is believed there will be one hundred and fifty defendants, when the district attorney is ready to proceed in the cases.

COLOMBIA ROW WAS CONFERENCE TOPIC

Archbishop Ireland May Take Hand—Knox Will Not be Colombia's Guest

WASHINGTON, Feb. 20.—An interview between Archbishop Ireland and President Taft, at the White House last night led to a report that high church officials in the country sympathize with the efforts of the Colombian government to obtain arbitration and were seeking to smooth out difficulties between the two countries.

Secretary Knox will not visit Colombia during his tour of the countries bordering on the Caribbean unless specially invited by the Colombian government, according to an announcement made by Acting Secretary Huntington Wilson last night, who also said he thought such an invitation unlikely.

Senor Ospina yesterday disclaimed any intention of insulting either the United States or Secretary Knox by his notification to the State Department that a visit to his country by the secretary would be "inopportune," but reiterated that he thought the trip "inopportune" because the citizens of Colombia are aggrieved because their country is the only one with which the United States refuses to enter into a treaty of arbitration.

COMPENSATION FOR WORKERS FAVERED

President Taft Sends Message to Congress Embodying Recommendation

SAYS EMPLOYEES SHOULD INSURE AGAINST HURT

Leaves Details of Provisions of Compensation Plan to Commission

WASHINGTON, Feb. 20.—In a special message to Congress today, President Taft recommends a compensation to railway employees for accidental injuries, such payment to be fixed in accordance with a positive scale recommended by the Employers Liability and Workingmen's Compensation Commission.

The President declares the theory of the commission is that each employee must be insured against injury sustained in his work without reference to contributory negligence, and without a common-law limitation on the employer's liability. The message reads:

"The details of the measure have been admirably worked out. They provide medical hospital service for the injured men, and notice of injury to be sent to the employer where such notice is not obviously given by the incident itself, and the fixing of compensation by agreement.

"The amount of recovery is to be regulated in proportion to the amount of wages received and the compensation is to be made in the form of annual payments for a fixed number of years or for life.

ORANGE SHOW OPENS AT SAN BERNARDINO

Invaded Today by Redlands Boosters—Thousands Attend Big Show

SAN BERNARDINO, Feb. 20.—Redlands boosters in a procession of one hundred and fifty automobiles headed by an auto truck carrying the Redlands Band, stormed the National Orange Show today. Every person in the procession was armed with a pennant, which was waved through the streets. Special exercises were held at the Redlands exhibit and two hundred boxes of oranges were distributed.

Show Opened Last Night

The National Orange Show made its golden salute to California at 7:30 last night.

Eight thousand participated in the opening, which came with a burst of fireworks and the illumination of the entire city with thousands of varicolored lights.

A letter was read from D. W. McDonald, stating that there is need of Santa Ana literature in the Los Angeles Chamber of Commerce.

Gribble moved, McPhee seconding, that the city appropriate \$500 for the purpose. Alderman said it would be poor policy to accept the contract without further investigation. He said it would be poor policy to donate this sum to a railroad that does not touch Santa Ana.

McPhee, Greenleaf and Grubb voted aye, and Alderman and Ey no.

Ho! For the Bridge

John Beatty for the M. & M. brought up the proposal to straighten West Seventeenth and to put a bridge there across the Santa Ana river. H. C. Kellogg asked that the city trustees do all possible to put the street straight west across the Maybury tract, and join with the M. & M. in petitioning the supervisors for the new bridge. Kellogg said there is more than enough left over from Fifth street bridge to build the new bridge, excepting the concrete bridge. Kellogg said that even on condemnation the right-of-way would not cost over \$700.

McPhee moved that the trustees endorse the proposition, and the motion carried.

Kellogg said sixty-five residents had petitioned the supervisors for the bridge.

Alderman, Greenleaf and Ey were appointed as a committee to see the property owners and procure a right-of-way.

Committee Reports

McPhee, as chairman of a committee, stated that the supervisors had granted a right-of-way for a sewer line from Santa Ana over a course along county roads. The miners were made of record with the

RESPONSIBILITY ON POOLROOM KEEPER

Trustees Propose Section That May Keep Minors Out of the Places

FRANCHISE NOTICE WENT OVER WEEK

Petition for \$1000 for Band Concerts Denied—Will Help Get Bridge

The City Trustees have taken a new tack in the handling of minors in their relations to poolrooms. It is a tack that seems likely to get the ship somewhere.

The present city ordinance makes it a misdemeanor for a minor to be in a poolroom. The proprietor has no responsibility in the matter. Last night City Trustees McPhee proposed a new section to the ordinance which when passed will put the responsibility not only on the minor but even more so and in much severer terms on the proprietor or his employee who allows a minor to stay in the place of business.

The old law has not worked well. Raids have resulted in arresting a good many youths of the city, and the fine has been \$3 each. The enforcement of the law seemed not to stop the practice.

Last night at the board meeting City Clerk Burke read the new section, which makes it a misdemeanor for any proprietor or employee of a poolroom or billiard hall to allow any minor to play or loiter in the place of business.

The fine on first conviction for the proprietor or employee shall be \$25, and on second offense the license of the place to conduct the business shall not be revoked, the proprietor to be given a hearing by the city trustees before the license is revoked.

The ordinance we now have does not cover the ground," said McPhee. "It makes the minors only responsible and we know that they generally are irresponsible. I proposed this new section to the ordinance, I am told that there are three poolrooms of this city that rather invite the patronage of boys. The city marshal is ready to give you the names of those places if any of you want them. There are other poolrooms that do not allow minors in their places, and this law will not trouble them in the least. In the last week several minors have been arrested, and one or two of them have been arrested twice. I am not a rabid reformer, but I think that it is time that we place the responsibility where it belongs."

The section met the approval of all the trustees who discussed it, and it was passed for first reading. This law will not be in effect until about six weeks from now.

G. W. Minter for the Chamber of Commerce presented a proposed contract for a special number of the Arrowhead Magazine, with 5000 booklets, the magazine to be distributed by the Salt Lake railroad. The cost is \$500.

THE WHOLE TRUTH ABOUT THE CONGRESSIONAL SITUATION IN ORANGE COUNTY

Last summer, when the political pot began to bubble—and really got to boiling, so far as the congressional situation was concerned—frequent inquiries came to leading progressive Republicans in this county as to whether Orange had a progressive candidate for congress, and if not how would progressives here view this, that and the other candidacy.

Inquiry and consultation here failed to find any available progressive candidate.

It seemed to be good policy and good politics and good business, to try to find out who was the ablest progressive Republican in the district available as a candidate for congress, and for the progressives to unite, as far as possible, in his support—in order to prevent a division of progressive forces, which would, likely, result in the nomination of a reactionary candidate.

Riverside at that time had two tentative or receptive candidates—E. P. Clarke, editor of the Riverside Press, and Francis Cuttle, president of the Riverside Water Co. Mr. Clarke announced in his paper that he would not be a candidate, and in a strong editorial endorsed the candidacy of Mr. Cuttle.

Orange county progressives were urged to unite with Riverside in the support of Mr. Cuttle.

Mr. Cuttle was known personally by many of the leading men in this county, and everybody with whom his candidacy was discussed seemed to regard it with favor. A meeting of progressives was called at Fullerton the latter part of August for a conference on the congressional situation. Those who attended from Santa Ana were A. J. Crookshank, E. E. Keech, Dr. C. D. Ball, John Beatty and J. P. Baumgartner. About twenty-five or thirty Fullerton, Anaheim, West Anaheim and Placentia progressives were in attendance. Harry Hale of Placentia acted as chairman and H. V. Weisel of Anaheim as secretary. The whole situation was gone over carefully, and there seemed to be a unanimous sentiment in favor of endorsing Mr. Cuttle's candidacy. It was felt, however, that the situation was not then sufficiently developed to warrant an unconditional endorsement of any man. So the following resolution was unanimously adopted as expressing the sense of the meeting:

Moved by Baumgartner and seconded by Evans that it is the sense of this meeting that Orange county progressive Republicans unite with progressive Republicans of Riverside county in support of the candidacy of Francis Cuttle for congress;

Provided, that we reserve the right to throw our support to some other progressive Republican if it shall develop that Mr. Cuttle is not, as he now appears to be, the best and most available candidate.

The men who attended the Fullerton meeting and adopted the foregoing resolution are among those who have given their time, money and ability freely to the cause of progressive Republicanism and popular government in Orange county. Not one of those in attendance, so far as we can now recall, has ever been a candidate for office or sought in any way to benefit personally by his political activity.

Francis Cuttle—Who and What

Mr. Cuttle is about 45 years old. He is president of the Riverside Water Co., chairman of the Tri-County Reforestation Association (Riverside, San Bernardino and Orange counties), member of the State Conservation Commission. He has never held any salaried political office. He was chairman of the progressive Republican campaign committee which won the great victory in Riverside county for Governor Johnson, and captured the entire local Republican organization for the progressives. He is an expert water man and a successful orange grower. His personality is pleasing and forceful. His experience and training have been such as to qualify him for public service. It is doubtful if a better man for congress could be found in the district.

CLOSER UNION WITH VENTURA

TAKEN IN BY MEERSCHAUMS

Visiting Apricot Man Held Meeting Yesterday with Local Association

Mr. C. C. Jewell, manager of the Ventura County Dried Fruit Association, was a guest yesterday at a meeting of the board of directors of Orange county's association. This was by pre-arrangement, in order that the associations may get into closer touch with each other. He reports a hopeful outlook, with the season for apricots demand in the United States lasting until the middle of June and practically all of it yet ahead. He mentioned the fact that lower quotations made by Orange county packers proved an injury in the market, the same carload being offered in perhaps a dozen markets. This is fruit sold by some scared outsider at 12 cents or less, and upon them primarily rests the responsibility for the injury worked to the associations in the market. What fruit there is left on the outside in Ventura county is held firmly by its owners, most of whom are large holders.

A move was started at this meeting looking toward a close union for the future, and this it is hoped to accomplish before the next season. It is expected that this will be the start for a union with the northern counties, and that it will stimulate the forming of associations in districts not yet organized.

The foreign market this year has had only about one-third of the amount it had last year. Its season of demand, especially for northern Europe, is practically all the year round, and there is good reason to believe that if the American market should fail to clean up the crop, Europe will take all it can get at a fair price to the grower. While there is good reason for the exercise of good judgment and patience, there is no reason for any panicky feeling on the part of growers. A continuance of the drought will greatly injure the outlook for a good crop the coming season, but it will work out well for the growers who are still holding.

The meeting resulted in a closer understanding between the two associations.

The Wednesday Evening Meetings of Y.M.C.A. are Proving Very Successful

The Wednesday evening meetings of the Santa Ana Y.M.C.A. seem to be filling a place in the life of the young men. Only two meetings have been held, but the interest is growing and the attendance is increasing.

Last week Rev. Seccombe and J. A. Cranston were the speakers. After the regular program those present voted to make it a regular part of the evening's program to remain for the next hour and continue with other features, including social and educational features.

S. Warren Douglas, former county secretary of Orange county, was present and spoke. Every one present took some part in the meeting and unknown young men were brought out. One young man who had visited many of the Young Men's Christian Associa-

tions buildings in Europe told of his experiences. Another young man just arrived from Chicago was located in a position by a member present. Other young men are being helped to make new friends of the right sort.

These meetings are open to any man above 16 years of age, whether a member or not. The plan of meeting for supper at the Cafeteria on North Main street is being carried out by a number, while others come directly to the south parlor of the First Presbyterian church, where the meetings begin at 7 o'clock. The second part of the program begins at 8 o'clock and will contain much of

interest.

This week Wednesday the meeting will be known as High School night and Prof. J. A. Baker will teach the lesson for high school boys, and six high school leaders, boys and teachers, will talk on the relation of the Y.M.C.A. and the high school.

At 8 o'clock the second part of the meeting will be taken up with a debate:

"Resolved, That the employed young men of Santa Ana need the Y.M.C.A. more than the high school boys."

The affirmative will be supported by Loren Mead, C. H. Chapman, and Mr. Shallenberger, while the negative will be taken by three high school boys. All are invited.

The membership of the Y.M.C.A.

has reached the total of 130. All interested are invited to join.

Great preparations are being made for the motorcycle races on Washington's birthday at the Santa Ana race track. In all there are to be ten events including two 5-mile exhibition runs by Hubert Kittle, a professional rider of note. A number of Santa Ana riders will compete and the local boys promise to surprise the people with their exhibitions of speed.

In order to curtail the contest department will not publish names of candidates who are not in the ROLL OF HONOR. The names of those candidates who have not reached the 25,000 vote mark will not be published again until such time as they accumulate enough votes to enter the ROLL OF HONOR ranks.

Of HONOR is the difference between

the number of votes last published for you and 75,000 and your name will go into the line of hustlers.

Today's Count

Over 100,000 votes were polled yesterday for the ROLL OF HONOR candidates and excitement is soaring high for first honors.

Mrs. C. C. Ramsey is leading every candidate in the race for the big E.M.F. Touring Car with a grand total of 138,725 votes.

Mrs. Leslie J. Swope of Anaheim now holds second position. Mrs. J. H. Harvey is in third place.

Thirteen candidates have passed the 100,000 vote mark and a new leader may appear at any time. The difference between the leader of today and the lowest candidate in the ROLL OF HONOR means only a few yearly subscriptions secured during the present special offer.

Every ROLL OF HONOR candidate should put forth her best efforts during this offer, as votes will be considerably lower than the present scale after Saturday night, March 2nd.

The Santa Fe Ry will sell excursion tickets to San Bernardino and return Feb. 18th to 24th inclusive at rate of one and one-third first-class fare for round trip. Going trip date of sale, return limit Feb. 25th, 1912. Account National Orange Show, at San Bernardino. Phone 11.

The Register's second special offer which went into effect yesterday has started with a rush and resembles a "LAWSON BOOM" on Wall Street. The public as well as a few of the candidates thought that the contest department was only "fooling" when it said that vote values would drop.

It Will be Close

The candidates are evenly matched and the contest will therefore be close. Now is the time to redeem every promise; to avail yourself of every resource, to marshal your forces for a final rally that will decide the question for you in this campaign for the Register's E.M.F. Touring Car.

There are no "Rip Van Winkles" in the Register's ROLL OF HONOR. They are all hustlers from the first on the list to the very last. Don't flatter yourself that you have enough votes to win; that a few subscriptions turned in on the last day will make you a winner. If you have them already you could not turn in enough to win, because there will be enough subscriptions turned into the contest department between now and the final day of the campaign to make your votes worthless unless you keep steadily at it. Keep up the pace that you have started and you'll be in the running good and strong when the last ballot is pulled. Therefore we counsel you to do your BEST RIGHT NOW when the big special vote offer knocks at your door.

You cannot get too many votes, and if you attempt to figure "How many votes it will take" you'll be doing the figuring while your energetic

Pretty, New Spring Dresses

We Can Fit All Sizes, Children, Intermediates, Juniors and Misses.

Junior Sizes

11-13-15-17-19 Yrs.

The new dresses for Intermediates and Juniors are cut on correct lines, shorter in the skirt and with larger waists. They are just the dresses you have been wanting to fit girls that have outgrown children's dresses and are too young to wear the longer misses' sizes.

Our new spring line embraces white dresses in lawns and batiste, beautifully made and trimmed with lace or embroidery. The styles are chic and refreshing, and designed just to suit girls of intermediate and junior age. Dainty white dresses cost from \$2.00 to \$10.00. Then we have colored dresses and percales, neatly trimmed in colors, made with the new short sleeve and low neck. They are priced from \$2.50 to \$5.00.

Misses Sizes

14-15-18 Years

Misses' dresses are cut differently and are one step between the junior and ladies' size. The skirts are longer, the waist shaped more than in the junior models but are still more slender than ladies' sizes. These dresses are cut just right for misses or small or slender women.

In these sizes, we have dainty new lawn and batiste dresses, cut in the chic spring styles at from \$2.00 up. Then we have a new line of linen dresses, trimmed in red or blue at \$5.00 and \$6.00. If it is a wash dress you want, we have them in misses' models at \$1.75 up, made of percales and ginghams. All of these dresses are carefully made and carefully finished. They are cut just right and fit perfectly.

Ladies' Serge Dresses at \$6.00

We have just received some pretty models in one piece wool serge dresses for ladies. We do not understand how they can be made for the price. They are made of good quality wool serge, cut with neat, high waist line. The skirt and waist open in front. The big collar and lapels are made of harmonizing materials in wool or silk. These models all have the new short sleeve and deep cuff, neatly trimmed. We show colorings of tan, navy, brown, and gray. Price only \$6.00.

ing in the law to prohibit a clause giving the board a right to reject any and all bids, but the city attorney insisted that the notice of sale would be illegal if that clause were put in. Alderman and Greenleaf proposed to insert the clause, while McPhee, Grubb and Ey voted to leave it out.

A peculiar wording in the notice attracted Alderman's attention. That wording was that with the bid the bidder must present cash or a certified check for the full amount, payable to the city treasurer.

The driver apologized and got down. The three had succeeded in getting the bales back when an automobile sailed by. The big team took fright, whirled out into the orange grove beside the road and fled, spreading hay bales in the four directions, while every third bale popped open as it struck.

Ed quickly cranked the self-starter and climbed in. "I'd probably get licked if I stayed to help," he soliloquized, as he took up the perilous journey toward the Mother Colony.

On motion the passing of the order for notice of sale was continued to next Monday evening, at which time all the kinks will be taken out, if they can be taken out, and the advertisement ordered.

The trustees passed a resolution to the effect that the applicant shall stand the cost of advertising the franchise matter, and shall furnish a cash deposit to cover this expense.

The city attorney stated that as soon as the notice of sale is advertised the city must accept the highest bid. It can't reject all bids. Manager Morrow of the telephone company said Orange has added a clause giving the right to reject any and all bids.

If there is any doubt about the matter or the likelihood of getting a sufficient bid, the telephone company would put up its money in advance.

Alderman said he could see nothing else.

The street committee was instructed to look up the advisability of buying a new street sprinkler.

Water Superintendent Reid was instructed to make a report on the advisability of putting a 4-inch main on West Walnut street.

The trustees decided to advertise for bids for an auxiliary water plant for the city. The superintendent is to furnish specifications. This is an important step in the development of the municipal plant.

So this was the reward of virtue.

I was just going to put it in my box and unhitch my automobile and give it a feed. Get down and I'll help you put it up on the load."

PROGRESSIVE PRINCIPLES

"California is progressive, and is pledged by overwhelming majorities to the underlying principles that the government belongs to the people, and that the people shall rule. We are more concerned in these principles than in the success or election of men."

These words of Gov. Johnson, in his statement announcing his support of Roosevelt, characterize with force and exactness the situation in Orange county.

But in order to enforce progressive principles we must secure as candidates—at least for legislative offices—only those who are known to endorse and practice progressive principles; men who are aggressively progressive.

Nothing would suit the reactionaries better than to see the Republican ticket made up of pseudo or passive and innocuous progressives—indeed that is the reactionary plan of campaign; especially where they are weak, where they have no chance of winning with acknowledged reactionary candidates.

This is a danger against which progressives must guard with armed and eternal vigilance.

MR. EVANS HAS THE FLOOR

Former Mayor Evans of Riverside seems to be seriously proposed as a candidate for congress from the Eleventh district; and while he has not as yet announced himself, there is no doubt that he is more than a reactive candidate.

Judging from the guarded terms in which his candidacy is presented, both by person and by press, the natural and almost inevitable conclusion is that Mr. Evans is proposed as a "plain Republican"—that is, that he is not to be politically characterized either as "progressive" or "reactionary"—in other words it's a case of "good lord, good devil."

Mind you, we do not say Mr. Evans assumes this attitude. Perhaps when he announces himself—if he ever does—there will be no ground for the question, "Under which King, Bezonian?" Perhaps even now Mr. Evans is praying to be delivered from his fool friends.

Certainly if Mr. Evans is a progressive and intends to run as a progressive the apparent parentage and presentation of his candidacy are all wrong. If he is progressive he will have several unpleasant jobs on his hands like that Gov. Wilson had at the editorial office of Harper's Weekly.

WOULDN'T THAT BE NICE!

Yes, wouldn't it be nice for the progressives to sit around like a knot on a log and let the reactionary leaders, through secret and traitorous agencies, get half a dozen progressive and near progressive candidates in the field—for congress, for instance,—while the said reactionaries, closely organized and working secretly, concentrate on—say, Col. Collier, of San Diego, for instance.

Surest thing you know! Easy, too. Just pick out three or four personally popular and deserving men, one from each of the large counties in the district, and get them in the race. And be sure to have one or two middle-of-the-roaders—men of the near-progressive, near-reactionary brand,—at least one of whom can be kept in the race by making him believe he can get the full support of both factions.

There, now! We've got 'em all ripped up the back, and we'll plump our votes solid for our man and land him just as easy as easy.

"MOB RULE" TALK FROM MEN HIGH IN PUBLIC AND PRIVATE PLACE IS VERY DISQUIETING

From the Pasadena Star—Not a Pronouncedly Progressive Paper

The Star confesses that it is non-plussed to account for the almost hysterical utterances of three eminent men on the same day, each picturing a lurid vision of red revolution and chaotic mob-rule about to descend upon this country. President Taft, in his New York speech on Lincoln Day, berating the "progressives" of his party, said:

"Such extremities would hurry us into a condition which could find no parallel except in the French Revolution, or in that bubbling anarchism that once characterized the South American republics."

Judge E. H. Gary, chairman of the directorate of the United States Steel Corporation, addressing his fellow-magnates at a banquet, admitted that great aggregations of capital had not dealt fairly with the people and predicted a revolution in the United States soon if something were not done for the betterment of men.

Dr. Harvey W. Wiley, government chemist and pure-food exponent, chimed in with Judge Gary, prophesying a revolution by underpaid and underfed Americans. "Unless something is done to alleviate the conditions of unrest in this country, mob rule is bound to come," lugubriously asserts Dr. Wiley.

With all due respect to these three men of eminence, the Star takes no stock whatever in their lurid prophecies. President Taft spoke in the heat of passion in denouncing his political enemies. The American people—the masses of the solid, substantial, lever-headed, common-sense, average people—will only laugh at the suggestion that men like La Follette, Cummings, Bristow, Roosevelt, Governor Hiram Johnson of California and other sturdy "progressive" leaders, are steering this country into a second French Revolution or a reign of anarchy and terror such as formerly existed in South American states. This is too absurd to call for refutation.

Congressman Norris of Nebraska has well met the prophecy of revolution that came from Judge Gary. He points out that the very fact that representative of great aggregations of wealth, like Judge Gary, realize the public dissatisfaction over existing political and economic conditions and realize that the conditions com-

plained of must be reformed—this greatest good to all.

GOV. JOHNSON IS IDEAL MAN FOR SECOND PLACE ON THE REPUBLICAN NATIONAL TICKET

FROM THE PASADENA STAR.

In urging, editorially, several months ago, the progressive Republicans of California to strive for the nomination of Governor Hiram Johnson for vice president this year, the Star did so earnestly believing that no stronger man could be found for second place on the national ticket. Time has but confirmed this belief.

The star is pleased to note that a definite movement looking to Governor Johnson's nomination has been launched. Whoever may head the ticket, Governor Johnson, as the vice presidential candidate, would solidify and make certain the support of the West for the national ticket, as well as appeal strongly in every state where progressive sentiment has gained a dominant foothold.

Governor Johnson's strength does not lie merely in a talismanic term. He is not a mere political puppet tagged "progressive." He has given and is giving California a brilliant, able, successful, useful, reformative administration as governor. His remarkable victory at the polls, after masterly campaign, challenged the interest of the whole country. The Star hopes to see Governor Johnson's name aggressively pressed for second place on the ticket.

THIRD TERM DISCUSSED IN OUTLOOK EDITORIAL THOUGHT TO REFLECT ROOSEVELT IDEA

Discussing proceedings in congress relative to an anti-third term resolution, the current issue of the Outlook significantly discusses Col. Theodore Roosevelt's statements in 1904 and 1907 in which the former President refused to again become a candidate. Because of Colonel Roosevelt's connection with the magazine, politicians here think the editorial reflects his views. The editorial says in part:

"Those thinking it unsafe to elect a President for a third term should recall the effect that objections to a third term were formulated against a third consecutive term. A man who leaves the presidency and is re-elected after four or eight years have elapsed, and has not a body of office holders behind him, does not possess the power of patronage but stands on the same footing as any other private citizen."

"In Colonel Roosevelt's specific

statements of 1904 and again in 1907 that he would not accept another nomination would make his acceptance of the nomination this year inconsistent. Whatever Colonel Roosevelt said in 1904 and 1907 referred to a third consecutive term."

"Mr. Roosevelt believes that the settled policy of the country makes a third consecutive presidential term impolitic if not improper, but the Outlook has a better appreciation of his intelligence than to suppose that he had in 1904 or has now the slightest idea of defining a third term excepting in the way it has just been defined."

"The situation perhaps can be made clearer by the following homey illustration:

"When a man says at breakfast, 'No thank you, I won't take any more coffee,' it doesn't mean that he won't take any more coffee tomorrow, next week or next year."

would be putting it in mild form, for one and all were truly amazed.

CHAPTER BANQUET

Hermosa Chapter O. E. S.
Hostess to Grand Officers;
Gala Evening Event

Hermosa Chapter, O. E. S., last night entertained distinguished visitors, Mrs. Lena W. Stannard, Grand Matron of the California Grand Chapter of the Eastern Star; Mrs. Virginia Coate, Deputy Grand Marshal, both of these residing in Los Angeles; Mrs. Eva Boyd of Anaheim, Deputy District Grand Matron. Other visitors were T. F. Coate of Los Angeles and Mrs. West, Worthy Matron of Norfolk Chapter, O. E. S.

Exemplification of the full work of the chapter was made for the visitors, who were delighted with the excellent result. The Grand Matron congratulated Worthy Matron Mrs. Balderston of Hermosa Chapter and her corps of officers for the really beautiful exemplification. Impressive music accompanying the ritual work was rendered by a quartet composed of Mesdames Winbiger and W. L. Tubbs, Messrs. Woodford and Parker.

Preceding the chapter session, a banquet was served in the spacious banquet room, nearly three hundred guests partaking of the appetizing repast. Acacia blossoms drooped in beauty from vases on the tables, while violets and their long stemmed leaves were scattered over the snowy linen. Lovely jonquils were used on the table at which the guests of the chapter and the officers of the local chapter were seated.

CROOK POSING AS WALLACE

Some man in New Orleans has been making free with the name of John Wallace of Orange. New Orleans dispatch states that a man who gives that name and Orange as his residence is under arrest there for eloping with a 17-year-old girl of Suisun. Another dispatch states that the man in New Orleans is a piano salesman wanted at Portland, Ore., for robbing a woman of \$50.

Now comes John Wallace of Orange, who is employed in Santa Ana as a piano salesman, and says he is the only John Wallace of Orange that he has heard of. Certainly he cannot be the man in New Orleans, and no one would suspect him of robbery. He was at Portland engaged as a piano salesman eighteen months ago. Some crook has taken his name and is using it.

BRANDT CASE IS NOW UNDER PROBE

Detective Says Brandt Was to be Sent Out of the Country, Not to Jail

NEW YORK, Feb. 20.—Special Commissioner Hand has begun the investigation of Foulike E. Brandt, former valet for Mortimer Schiff who got a prison sentence of thirty years for burglary of the Schiff mansion. He has already served five years. He claims he was railroaded to jail to save the women members of the Schiff family.

Yesterday John Rogers, the Pinkerton detective employed five years ago by Mortimer L. Schiff to aid in the prosecution of Foulike E. Brandt, the former Schiff valet who was given a prison sentence of thirty years for alleged burglary, told the grand jury that it was his understanding at the time of the arrest that Brandt was not to be sent to jail but was to be given a "chunk of money" and sent out of the country.

He said Brandt's "confession" was just a "frame up" and he had thought Brandt also knew it was.

The Northern Part of the County BUSINESS SITE IMPROVEMENT AT ANAHEIM SOLD

Misses Rimpau Purchased
Fine Property Corner for
About \$12,000

ANAHEIM, Feb. 20.—A sale of a centrally located business site was completed last Friday, when the Misses Sophia and Marie Rimpau purchased the southeast corner of Los Angeles and Chartres streets, which is just one block north of the center of town. The purchase price is not given in the sale, but it is understood that the total was near \$12,000, or at about \$1500 a front foot in Los Angeles street.

This is one of the best available building sites in Anaheim, and it has 78 feet frontage on Los Angeles street, and is 120 feet deep on Chartres street. The Misses Rimpau expect to erect a modern business building on this location, from one to four stories, as the tenant may wish.

The site was purchased from the Knights of Columbus, and the sale was made through the firm of Rimpau Bros. of this city.

AN UNIFORM KEPT HIM OUT OF JAIL

ANAHEIM, Feb. 20.—A sailor's uniform saved a sailor from spending at least 48 hours in the local jail, beginning on last Saturday night, when he was ordered out of a Spanish dance, where he had created a disturbance. Officer Borden who was called to attend to the mildly, ordered him to leave, and threatened him with arrest in case he returned. Marshal Kellenberger said that Officer Borden might as well have taken him in, and held him at least 48 hours, but Borden supposed that the U. S. naval uniform made the sailor free from arrest.

ELECTION IS ON MARCH 2

Property on West Center Street to be Bettered by Expenditure of \$3500

FULLERTON, Feb. 20.—The election in the Fullerton Union high school district which is to be held on March 2 to determine whether or not the proposed site for the new Polytechnic high school is to remain on the present Krug site or is to be removed to the Central tract, is not creating very much interest among the various sections concerned.

Last Wednesday night a meeting was held and it was the opinion of most of those present that the site should remain on the one chosen by the board. Little interest is shown in the other communities in the district outside of Fullerton.

This election was called as a sort of a compromise emanating from the injunction secured against the directors of the school district from erecting the school on the Krug site.

Those opposed to the Krug site advocate the Central tract which is about five blocks from the center of Fullerton. They claim that the Krug site is too far out, and so is undesirable for a good many of the Fullerton children.

The bonds voted were for \$120,000, and the towns included in the district are Fullerton, Orange Grove, Placentia, La Habra and Olinda. It is expected that the outside towns will vote against the proposed change in location. Since they use automobile service the location is immaterial.

In Township Court
ANAHEIM, Feb. 20.—Three drunks were disposed of yesterday by Justice Howard of the township court by giving two old offenders ten days each. The other was let off with a \$5 fine.

PUBLIC IS ASKED TO OBSERVE RULES

Orange News: Some trouble is being experienced at Hewes Park, particularly with small boys, who trample the grass and otherwise injure the appearance of the terraces and flower beds. Some of the youngsters make a practice of riding bicycles across the plots and parkings. Most of the trespassing occurs on Sundays.

Those in charge of the park have complained of the annoyances. They believe that as the park is maintained at private expense and trouble, the public should assist in keeping up its beauty by keeping to the walks and driveways.

GREELEY TO QUIT REFORM SCHOOL ON MARCH FIRST

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes Later

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop fermentation and cure Indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your Stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Papé's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness of Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Papé's Diapepsin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

LOS ANGELES PRODUCE MARKET

Receipts of navel oranges were quite liberal, and although general trading was limited to the filling of routine jobbing orders, prices were without change. Commission dealers have cleaned up the major portion of damaged stocks and are accepting no lightweight or frostbitten fruits. Fancy lemons continued scarce, and the low level on this grade was advanced 25 cents per box. The outside range of quotations was held at \$3.150. Other citrus fruits remained quatably unchanged, with supplies and demand balancing. Offerings had to be strictly the best to command top prices.

In the deciduous fruit market strawberries were the feature of the day's business, moderate arrivals coming to hand and finding a steady outlet of fifteen bushels. The fruit was of quite attractive quality, being of good size and flavor. The receipts were all from local growers, of which considerable stock is finding its way to outside points.

There were no new features in the market for apples, prevailing prices ruling firm, and dealers just withdrawing enough stock from storage to keep the trade supplied. The top prices on the best stock were easily obtainable.

There was a marked increase in the receipts of asparagus from the Sacramento River district, and prices for offerings showed a marked decline. The prevailing price on the street yesterday was 25 cents for the best, while considerable stock sold at 20 cents per pound. Trading was good at the reduced rates, and the receipts were well cared for.

Rhubarb was in increased supply, and was offered in some instances below quoted prices.

Other green vegetables showed no material change, peas were wide ranged in price in accordance with the quality of stock offered.

Dried fruits were firm, with some outside demand, but little local trading. Nuts showed no change.

The egg market is going down rapidly. Retail buyers are only taking a case or so at a time, and as there is no satisfactory outside outlet, local stocks are accumulating. The general quotations on change yesterday were 25½ cents on candied selects, and case counts 21½ cents per dozen, a decline of ½ cent over Saturday. Pullet eggs were held at 18 cents. Receipts were 488 cases.

Butter was firm and unchanged. There was a good outlet for fine creamy stock, which moved out at full figures. Ladle butter was in good demand at 25 cents per pound. Aralines were 43.73 pounds.

Potatoes were firm. Several changes were noted in this market. Highlands were advanced 25 cents per hundredweight, and the low level was fixed at \$2.

AT THE COURT HOUSE**SAYS MENDOSA KILLED HIM**

Mexican on Witness Stand Declares That the Fight Was Over a Woman

Man Charged With Murder Springs a Surprise on the Witness Stand

That another hand, not his, slew Ysabel Hernandez at the Santa Fe section house, was the gist of the testimony of Lorenzo Martinez when he went on the stand today to testify in his own behalf. Martinez was charged with stabbing Hernandez and the prosecution put on witnesses who declared they saw the affray.

Then came Martinez, put on by his attorney, A. J. Green of Los Angeles. Martinez declared that it was Ysabel Mendoza, a Corona Mexican, who killed Hernandez.

It seems that two or three years ago a woman known as Marguerite lived with Hernandez. She left him and went with Mendoza. On the night of the stabbing she and Mendoza were visiting Martinez and his wife here. According to Martinez's story, Hernandez came to the house and attempted to get the woman to go away with him. Mendoza replied that he would keep the woman, and

The Perfect Shortening

Cottolene is made from the finest vegetable oil—as pure and wholesome as olive oil. Lard, on the contrary, is made from the fat of the hog—sometimes impure, often indigestible. Cottolene makes things taste better, makes them digest better. It gives you better results at less than the price of lard. There is no indigestion sold with Cottolene. Cottolene is economical because you use one-third less.

ECZEMA**QUICKLY CURED WITH "ZEMO"****A Trial Treatment For 25¢**

The makers of ZEMO—the celebrated eczema and skin cure—have placed on the market a trial treatment package consisting of a generous bottle of ZEMO, a trial cake of ZEMO SOAP and a 32 page booklet "How to Preserve the Skin."—This entire package to be sold at 25¢, so that everybody can test the true healing and cleansing properties of ZEMO. We have received a good supply of these trial-treatment packages and urge all those troubled with Eczema, Pimples, Itching Skin, or any other skin or scalp disease, to come here and get the ZEMO trial-treatment. We heartily endorse and recommend ZEMO and ZEMO SOAP to all persons suffering from any form of skin or scalp trouble. It is a clean, soothng, healing wash and a sweet antiseptic soap that does not glaze over the trouble like salves, powders and greasy lotions, but penetrates to the very root of this trouble. ZEMO stops the itching at once and opens the pores and draws out the poisonous accumulations to the surface of the skin leaving it clean and healthy. Get a trial-treatment of ZEMO today—you'll find it the best 25¢ investment you ever made. Wheeler & Mateer's Drug Store.

AIRMAN CHAMPION GETTING WELL FROM RECENT INJURY

LONG BEACH, Feb. 19.—Frank L. Champion, the aviator who was severely injured by the accidental discharge of a shotgun in the hands of his mechanic, Gibson, several weeks ago, and who underwent the operation of skin-grafting last week, the man who shot him offering the necessary cuticle, is progressing nicely and will be able to leave his wheel chair within the next month.

LAID CORNERSTONE OF ORPHANS' HOME IN LOS ANGELES

Los Angeles Examiner: With impressive ceremonies in which many of the prominent delegates to the B'nai B'rith convention took an active part, the corner stone of the new orphans' home, being erected by the Jewish people of Los Angeles, was formally laid at Huntington Park yesterday afternoon. More than 1000 persons were present.

Notwithstanding that its cornerstone was not laid until yesterday, the main building of the orphans' home is rapidly nearing completion. The building and the site will cost about \$75,000, and supplementary cottages will be added from time to time as the number of inmates increases.

Ramsey and Litten Settle Cash Difficulty With Officers on Trail

A fistfight party by automobile lamplight at the corner of First and Sullivan street last night got six young men into trouble. E. C. Ramsey and Ernest Litten were the participants in the fight, and the four men accused of having been parties to it by reason of their presence are G. W. Charles, T. L. Ahlf, Charles Bennett and C. M. Allen.

Constables Heard and Jackson got wise to the fact that the fight was on. They saw them hire Bennett's automobile, and saw them ride out west. The constables scurried around and got an automobile and followed.

Nothing certain of the location of the scene of battle, they lost a little time in locating it, and when the lights of their automobile were turned onto Sullivan street, the battle party jumped in the car, went south to Edinger street, and then back to town, with the officers close behind. The information the officers have is that at the corner of First and Sullivan the automobile was stopped, and the fight begun in the light of the lamps.

Litten got the worst of the fracas, though Ramsey did not go unpunished.

Litten was unable to be present in court this morning. Ramsey was there and pleaded guilty to fighting. He said Litten owed him some money, and would not pay, and they agreed to fight it out.

The judge fined Ramsey \$15, which he paid.

A complaint charging the others with aiding in the disturbance will be prepared and sworn to today. Ahlf told Justice Cox he would plead not guilty as he did not know there was going to be a fight. The officers say that when Bennett comes into court he will take the ground that he had nothing to do with arranging the fight, that his automobile was engaged for rent and he drove where he was directed.

GIVEN PAROLE Sheriff Ruddock and District Attorney West and the parole commission of the county have given a parole to T. J. Donahue. Donahue was sentenced to ninety days on Jan. 2. He is the man who posted a sign threatening to blow up a packinghouse at Placentia. He had been drinking. In the parole order, Donahue is prohibited from drinking intoxicating liquor.

STEPHENSON IS GUILTY SAYS MINORITY REPORT

WASHINGTON, Feb. 19.—The minority report of the Senate elections committee investigation of the election of Senator Isaac Stephenson of Wisconsin, filed today, declares that Stephenson was not duly and legally elected. It is signed by Senators Jones of Washington, Clapp of Minnesota, Kenyon of Iowa, Kern of Indiana and Lee of Tennessee.

The recent majority report held that while Stephenson spent an unusually large amount in his campaign there was no evidence adduced showing that any had been spent illegally. In direct contrast, the minority report says the methods whereby Stephenson carried the primary election were "corrupt and violative of the fundamental principles of the American system of government."
